If Face App Pro makes material or significant changes to this Privacy Policy, Face App Pro will notify you by means of a notice within the Face App Pro App. Your continued use of Face App Pro will signify your acceptance of the changes to this Privacy Policy.

Face Data Policy

What face data is our app collecting?

We do not collect face data. We analyze users' photos and find out the feature points (like eyes, nose, mouth points) of the face in photo for face processing purpose. After the analyzing process ends all data will be deleted, no data will be saved.

For what purposes are we collecting this information?

In order to provide age and emotion guess to users, The complete process is: (1) You transfer image to our server. (2) The server analyzes the image and find out the feature points (like eyes, nose, mouth points) and then returns the ai generated age and emotion guesses which is best fit according to face feature points. (3) This information is temporarily stored in our server, After the process is completed, your images will be automatically deleted immediately.

Will the data be shared with any third parties? Where will this information be stored?

The data will NOT be shared with any third parties. When the process is finished, all information will be deleted, and no data will be stored.

Which are the relevant sections of your privacy policy that explain collection, use, disclosure, sharing, and retention of face data?

There is a section called “Face Data Policy” in the privacy policy.

Please quote the specific language in your privacy policy that concerns face data.

We quote the “Face Data Policy” in privacy policy that concerns face data.

Personal Data:

You agree that the the images provided by you in the app use to extract the face data and process it to achieve app's functionality.

Under this Platform and the Services, we mainly provide specific applications of technical capabilities. Therefore, after the specific implementation of certain function, we will delete or anonymize original pictures, videos and other data provided by the Clients and the service results based on such original data as soon as possible.

Face App Pro hereby represent that it has implemented adequate technical and organizational security measures of such standard as prescribed under applicable laws, regulations, rules, etc. in force, to protect the Personal Data against accidental or unlawful destruction or accidental loss, alteration, unauthorized disclosure or access and against all other unlawful forms of processing. If the App uses Third-Party services for sharing Content generated using this app, the App would access your basic data from such Third-Party services needed for the authentication, Content sharing or other features provided by the ThirdParties, so however that, the App would not collect or use any personal data.

How we Protect Your Personal Information and face data

The security of your personal information and face data is important to us. We have implemented reasonable administrative, technical, and physical security measures to protect against the unauthorized access, destruction or alteration of your information. Despite our best efforts, however, no security measures are completely impenetrable.

Non-personal data:

Face App Pro may use tools or third-party analytical software to collect and use certain nonpersonal data that does not enable Face App Pro to identify you. The types of non-personal data Face App Pro may collect and use include, but are not limited to: (i) mobile device type. (ii) mobile device software version. (iii) geographical data no more accurate than metropolitan areas. (iv) total time of App usage and usage of filters. (v) other non-personal App data as reasonably required by Face App Pro to enhance its features. Face App Pro may use the collected Non-personal data for purposes of analyzing usage of the app, managing and providing Face App Pro and to further develop Face App Pro services and products.

Data Retention:

Unless expressly required by applicable laws, regulations or regulatory provisions, we will retain your personal information for the shortest time required to achieve the processing purpose.

Face App Pro retains the information collected pursuant to this Privacy Policy only as long as necessary for legal or regulatory reasons or the shortest time required to achieve the processing purpose. If the collected information is no longer needed for purposes specified

in this Privacy Policy, Face App Pro on its own shall delete all aforementioned information in its possession, without the need to communicate such deletion to the user/s concerned.

Third-Party Terms and Conditions:

Please note that your access to and the ability to use Face App Pro may be subject to certain third-party terms and conditions and privacy policies, including but not limited to application stores, mobile software platforms, on- line social sharing platforms, external data storage clouds and payment related service providers, if any. You recognize and agree that Face App Pro is not liable for any such third-party terms and conditions and their use of your personal data, and that your access and use of the App is subject to such terms and conditions, and privacy policies of such third-parties.
